## William Burton Buried Sunday.

The body of William Burton, whose death in Holdington, Kansas, on December 5th was noted in this paper last week, arrived in Louisville last Friday morning. The widow was taken sick in Ashland and did not arrive here until evening. The body was taken to the residence of Mr. Will Queen, a son-in-law of Mr. Burton, where many friends called to pay their respects. On Sunday morning the remains were carried to Mr. Burton's former home, the old George Pigg place, Lick creek, about three miles from this city. The funeral and interment occurred here in the presence of a very large number of friends. Appropriate services were conducted by the Rev. L. M. Copley, of Louisville.

William Burton was a good citizen, husband and father. He was a man of good education and much intelligence, honest, sober and industrious. The death of such a man is a loss to the community.

## Give Generously.

The largest individual contribution to the Democratic fund was \$1,900 from C. B. Beer, of New York City, Col. A. D. Martin and South Trimble, both of Frankfort, and J. C. Mayo, of Paintsville, Ky., gave \$500 each.

Traveling expenses during extensive speaking tours were contributed by Representatives Champ Clark, of Missouri; A. S. Burleson, of Texas, and Ollie James, of Kentucky.

## The K. N. C. Missionary.

Mr. T. S. Spradlin, the energetic and successful "missionary" of the K. N. C., has mounted his fiery, untamed steed and gone up the river and through the country contiguous thereto in search of students. He'll find 'em, all right, and they will heed his voice. For particulars watch the Sandy trains.

## KENTUCKY DOCTOR

### Arrested in Huntington, W. Va., on Slave Traffic Charge.

Huntington, W. Va., December 12.—Dr. George M. Hurley, a prominent physician of Eastern Kentucky and a resident of Argo, was arrested here this afternoon on a charge of engaging in the white slave traffic, the specific charge being that of endeavoring to sell to a local woman little Lucy Adkins, 13 years of age, of Pikeville, Ky., whom he brought to this city with him Saturday night.

The child charges Dr. Hurley with criminally assaulting her at Pikeville last Monday afternoon, and the Kentucky authorities have been notified. A warrant was issued for Hurley this evening by United States Commissioner J. P. Douglass, and his hearing set for Tuesday afternoon.

The child is the youngest daughter of Mrs. Elizabeth Adkins, a prominent widow of Pikeville, Ky., and a sister of Chief Deputy Sheriff Grant Adkins, of Pike county. Cincinnati Enquirer.

## BROKE HER ARM.

Mrs. L. T. Moore happened to quite a painful accident yesterday, at her home at Beechmore. While crossing the hall, she tripped on a rug and fell, breaking the bone in her left arm between the elbow and shoulder. A physician reduced the fracture and Mrs. Moore passed a very comfortable night under the circumstances, and has rested very well today. Catlettsburg Tribune.

Mrs. Moore has many relatives in this city. She is 82 years old.

## HURT AT VAN LEAR.

While leaning from a box car to give the engineer a signal, Will Osborn, brakeman on the Millers Creek railroad at Van Lear, lost his bearings and fell so close to the moving train that one of his arms was mashed into pulp Sunday evening, of last week, and Dr. Gambill and Williams amputated the injured member. Osborn is from Martin county. He is recovering nicely.

## PIKE ELECTION CASES.

### The Court of Appeals Affirms That No Election Was Held.

The decision of Judge W. H. Holt in the Pike County Contest cases has been affirmed by Court of Appeals. This was between the Republican and the Citizens' tickets, and which was tried out last spring, at which time Judge Holt decided that no election had been held. Consequently the offices now occupied by the Republicans will be vacated in the next thirty days. A County Judge to be appointed by the Governor, who will in turn, appoint other officers to serve until next November, when a new election will be held. The Circuit Court Clerk will also be appointed by the Governor. So thus is decided this much agitated case. All concerned in it on both sides are among our most excellent citizens, and we consider the whole matter of the controversy as unfortunate indeed.

## Bill Bailey Has "Come Home."

Lexington, Ky., Dec. 12.—Particulars of a desperate pistol duel at Wilbur, Breathitt county, in which Willie Bailey, known as "Bad Bill," was shot to death by J. C. Shepherd and the latter wounded by Bailey, reached here today. Bad blood had existed between them for some time, Bailey having carved Shepherd up badly a year ago. They met friends, however.

On the day of the tragedy Bailey went to Shepherd's store intoxicated and, as if to challenge him, shouted as he entered, "I'm the worst man that ever saw this place."

Shepherd regarded this as a challenge and both men drew their pistols and began firing. Bailey was shot through the head and lungs and died instantly. Shepherd was a target for three of Bailey's bullets, only one of which struck him, inflicting a slight wound in his side. He will recover.

## His Sixty-Sixth Birthday.

Judge W. W. Marcum, of Ceredo, a former popular and highly esteemed citizen of this city, had a family reunion and birthday celebration at his home on Monday last. It was a feast of good feeling and good things, greatly enjoyed and appreciated, especially by the happy recipient of so much kindly attention. Mr. and Mrs. W. D. O'Neal, Miss Jettie and Fred O'Neal and Mr. and Mrs. C. C. Hill, of Louisville, and Dr. Fred Marcum and family, of Torchlight, were among those who attended.

## Oh, You Admirers!

Brad Chaffin and Ed Spencer, bright young men of Louisville, and always admirers of the scenery in and around Paintsville, spent Sunday here. They also admire the Paintsville girls. It is not improbable that their admiration for our scenery and our girls may make them fixtures in Paintsville. Paintsville Herald.

## DELICATE OPERATION.

On Sunday last Dr. L. H. York, of this city operated at the hospital upon a female child, aged about 8 months, for a rare form of fistula. The child is the daughter of Mr. and Mrs. Hawkins, of Knox Creek, Pike county. The operation was successful and the child is doing well.

## NOTICE.

The ladies of the Baptist Church will conduct a Bazaar in the gas office next Thursday and Friday, December 22 and 23.

Mrs. E. Lockwood, of Fort Gay, and Mrs. E. C. Jenks, of this city, went to Huntington Thursday to attend a Chapter meeting of the Easter Star.

The friends of Mrs. G. R. Vinson are glad to know that she is able to be up and about the house after an illness of several days.

Edgar Hager, of Ashland, was in this city a few hours Wednesday.

## Was Born Near Fort Gay.

Washington, December 12.—Carmel A. Thompson, who soon will retire as Secretary of State of Ohio, is slated to become an Assistant Secretary of the Interior and will succeed Jesse W. Wilson, of Indiana, who has been in the department a number of years. The salary is \$4,500 a year. Secretary Thompson, it is said, has already been approached on the subject and has indicated his pleasure at the proffer and his willingness to become attached to the Federal payroll.

This is to be his reward for having been a good Republican and not making much of a fuss last summer, when it was proposed to him, "for the good of the party," not to push his candidacy for the gubernatorial nomination so hard as to embarrass either the national Administration or any candidate who might have been, but was not picked by the President himself.

Mr. Thompson was born on the waters of Mill Creek, not far from Fort Gay. He is a cousin of Mrs. R. L. Vinson, of this city.

## Senator Elkins Very Ill.

Elkins, W. Va., December 12.—It is learned from reliable sources that Senator S. B. Elkins, who has been ill ever since the adjournment of the last session of Congress, is in a precarious condition, and, although it is denied that there is any immediate danger, the physician's prognosis is not hopeful of his recovery. Last Wednesday his condition took a turn for the worse, since which time there have been no favorable symptoms.

## Natural Gas For Wayne.

The Belvard Oil and Gas company is taking subscriptions with the view to piping their product to Wayne and vicinity. Most all the property owners have subscribed for gas.

## EXPLOSION OF COMPRESSOR

### Gas Company's Air Reservoir Wrecked at Neal, W. Va.

On Tuesday evening a destructive explosion occurred at Neal, W. Va., three miles south of Catlettsburg, at the big pumping station of the Columbia Gas Company, which is owned by the Standard Oil Company. One man is reported to have been injured.

The compressed air tank or boiler exploded and did a lot of damage, interfering for a time with the service of the gas line to Cincinnati and other points.

The company is said to claim that this immense air compressor is used only to start the engines which pump gas through the mains reaching from the Lincoln county, W. Va., field to Cincinnati. There are many people who refuse to accept this statement, however, and express the belief that the air machinery is used for a much more profitable purpose. The NEWS is unable to state which of these claims is correct.

## Reliable Gift Goods.

We are offering a nice line of reliable Christmas goods at low prices, giving full value for all you pay us. We are not making any plea of being overstocked, nor are we throwing out any baits in the hope of fooling a lot of people on other goods. We are not polishing up a few second hand watch movements and selling them for new at very low prices "as long as they last." We sometimes have second hand movements in stock, but we sell them as such in every instance.

Satisfaction guaranteed or your money refunded. CONLEY'S STORE, Louisville, Ky.

By the change noted elsewhere in the News people living in Fort Gay will get their Cincinnati mail several hours earlier. The change is also of much advantage to our own citizens.

Prof. Byington made a business trip to Prestonsburg last Saturday.

## DIED LAST SATURDAY.

### Mrs. Jennie Muncy Meek Passed Away After Long Illness.

Mrs. Jennie Meek, widow of John Meek, who died suddenly at his home near this city, on the night of Saturday, March 12 last, died, December 10, after a lingering illness caused by consumption. On Monday morning she was buried by the side of her husband after funeral services conducted by the Rev. H. B. Hulet, of this place. Mrs. Meek was in very bad health at the time her husband died so unexpectedly, and her decline was steady and rapid thereafter. She left one daughter—Mrs. Okey Vaughan, and aged mother and several brothers and sisters to mourn for the mother, sister and daughter. Very many neighbors and other friends and relatives, lament the loss of this good woman. Mrs. Meek was the daughter of Mrs. and the late Samuel Muncy and was 48 years old.

## Fort Gayeties.

There was a bog supper at the Baptist Church Saturday night for the benefit of the Sunday school, proceeds \$10.95.

Mr. and Mrs. E. G. Ellis left here Monday morning for Florida, leaving their children with relatives. One of his boys was struck in the head with a rock thrown by another boy, and seriously hurt. The father will doubtless be called back as soon as he can be located.

Through the memorable election of Nov. 8th is over we are still living in a political atmosphere. A town election is to be held in January and both parties have nominated full tickets. The democrats have selected E. G. Romans, for Mayor, A. V. Osburn, for Recorder, and Lacey Wellman, C. Webb, Carl Frasher, Elissa Crabtree and Ballard Thompson, for Councilmen. The republican ticket, I don't remember the non de plume, is as follows: For Mayor, James Chapman, Recorder, J. M. Rowe, for Council, John Spears, G. W. Bartram, Ursh Workman, Lewis Borders and Theo. Weddington.

## The Ferguson Family.

Holton, Kans., Dec. 8, 1910.

As far as I know our ancestors came to South Carolina before the revolution. They came from Scotland to South Carolina and from there to North Carolina, and from there to Virginia about the year 1800. Our grandfather lived on Big Sandy river near Pikeville, where he raised a family of six boys. Their names are Malachi, James, William, Elijah, Joseph, John.

Elijah was my father. He came to Greenup county in 1838, moved to Carter county in 1848. I was born in 1841 and moved from Kentucky in 1867 to Holton, Kansas, where I have lived ever since. My name is

NAPOLEON B. FERGUSON.

## NOTICE TO TEACHERS.

The law requires that all teachers, who fail to attend at least one Teacher's Association in this county shall teach an extra day, and as I informed the teachers at the Institute this provision of the law will be enforced. In order to save trouble and inconvenience later I desire to call the attention of teachers who failed to attend to that fact just before the schools close. You must state in "Item No. 11" on your monthly report the exact day you taught extra in order to draw your last month's salary.

JAY O'DANIEL, Supt.

## VACATION FOR TWO WEEKS.

The K. N. C. and the public school will close Friday, December 16, for the holiday vacation and will reopen Monday, Jan. 2, 1911. This gives a good rest to the students, but some of the teachers will spend the time in the interest of the college. A very large number of new students is expected with the beginning of the next term.

Mr. and Mrs. J. M. Turner and daughter went to Ashland Sunday.

## School Architecture.

The Superintendent of Public Instruction could have made no more needed or practical contribution to the cause than his bulletin on "School Architecture." In this pamphlet recognized authorities discuss in detail the questions of site, water supply, the building, the teacher's room, the ante room, the furniture, black-boards, grounds, lighting, heating, ventilation and the architect. "School Architecture" should be, and doubtless will be, in the hands of every county school superintendent in the State. Its study and use would, in time, put an end to the architectural monstrosities now being built throughout the commonwealth.

## "Bad Jake" Noble.

Frankfort, Ky.—As soon as the relatives of "Bad" Jake Noble, of Breathitt county, who killed Jailer Turner at Jackson, reach an agreement that will save him from a death sentence he will be turned over to the authorities.

"He's either hid out in the mountains or else his kin have furnished him with money to get out of the county," said Sheriff Hudson, of Breathitt county, recently.

"Blood's thicker than water when it comes to prosecution with our people," said Hudson. "But Noble will turn up all right when an agreement is reached among his people not to send him to the chair."

## Wants to be a District.

The population of the state by the census of 1910 in the apportionment to be made for new legislative districts will be slightly less than 23,000 for each district, the total population being divided by one hundred, the number of districts. The population of Boyd county being 23,441 entitles it to a representative population, being slightly in excess of the uniform number.—Catlettsburg Tribune.

## CREEK MUSIC.

### The Song of a Thousand Creeks as Sung by the Courier-Journal.

An Eastern Kentucky paper says a railroad is to be built up Jennie's Creek. It is to be hoped the information is authentic. There should be a railroad up every creek where there is business for the iron horse, the flat car and the red caboose.

A railroad up Jennie's Creek would be a good thing for Kentucky. Jennie's Creek ought to have a railroad and so ought Sallee's Creek and Polle's Creek and Mollie's Creek and Peter's Creek and Jonathan's Creek, to say nothing of Dick's River and Murphy's Branch and Paddy's Run.

A railroad would help some of Buck Deer and Elk Creeks; on Big Bull and Little Bull and Cow Creeks; on Beaver Dam, on Coon Hollow and on Possum Trot; up or down Owl Creek, Whippoorwill Creek and Redbird; along Goose Creek, Pigeon Roost and Turkey Fork; on Copper Creek and Silver Creek; on Gold Creek and Coal Creek; on Chestnut, White Oak and Big and Little Cypress; on Nollu and Nobob on Straight Creek and on Crooked Creek; on Sunfish and Crawfish; on Troublesome and on Rubblesome, on Kneedeep and on Fast Asleep.

A railroad would do wonders for lots of creeks in Kentucky; for Red Lick and Rock Lick; for Blue Lick and Paint Lick; for Salt Lick, Mud Lick and all the other licks; for Big Clifty, Little Clifty, Rockhouse and Stony Fork; for Bullskin, Beehide and Rawhide; Big Bone, Marrowbone and Outskin; for Sinking Creek and Stinking Creek; for Muddy Creek and Bloody Creek and Bitter Creek—even to the headwaters.

The Courier-Journal hopes to see the day when every creek will be in easy reach of a railroad, or at least in the hearing of the locomotive of a mile of railroad for every mile of creek from Tug River to Bayou de Chien and from the mouth of Gunpowder to the Forks of Roaring Paunch.—Courier-Journal.

## C. & O.

### Will Build Railroad to Elk Horn City, Ky.

### Virgin Line Coming Through the Valley of the Sandy, and C. & O. Buy It.

The Virgin line to Cincinnati yesterday the Carolina Clinchfield Railroad is now making of two routes for the proposed extension from Dante, Va., to meet with the Big Sandy Division of the Chesapeake and Ohio at Elk Horn City, Ky. This connection, when completed, will give direct outlet to the north for tonnage will come to Cincinnati for the Chesapeake and Ohio and then sent out of this city over the C. & O. and D.

Officials of the Chesapeake and Ohio maintain that they are not negotiating for the Clinchfield route, but it is a known fact that negotiations for the road have been in progress for the past three months. The Chesapeake and Ohio will buy the road as soon as the New York Central interests get control of the Tidewater Road. In the event that the Central passes up the Tidewater, the Chesapeake and Ohio will drop all negotiations for the C. & O. and O.

Reports were received in Cincinnati last night that the Chesapeake and Ohio will build an eleven-mile extension of its Gayan Valley branch.—Cincinnati Enquirer.

Pikeville, Ky., Dec. 12.—A telephone message has just been received here that a large party of surveyors for the L. and N. Ry. had pitched their tents at Elk Horn City, to complete its cross sectioning to that point with both the C. & O. and the C. C. & O. The C. C. and O. has been completed to twenty-four miles from Elk Horn City, where they will begin tunneling at once, work to go rapidly on until the intersection is made at Elk Horn City. This shows that all the late railroad rumors have not been only idle talk of dreamers, but there has been much doing, and that everything that has been said is now being turned into activity; and that the railway kings mean to push things in this section is now certain.
